THE MESSAGE OF HIS COMING

APRIL 17-20  
PANGASINAN, PHILIPPINES  
Bro. Manuel Peralta

Gladdy may we herald the message of His blessed appearing  
Soon He's coming in glory, tell to one and all  
Then awake ye saints of the Lord  
Why slumber when the end is nearing  
Our net ready for the final call

## APRIL 15, 2014

**W**e are very excited to be able to travel again together as a team to the Asia-Pacific part of the world, where we believe, God wants us to be at this time. The invitations for these meetings originated from the conference last October in New Zealand. Believing that we are in God's will, no distance, no circumstances are considered, but in all things we are glad that God can use each and every one of us for His eternal purpose. From the scriptures we learn that many times there can be distress, but the Lord is faithful to deliver from all hindrances, which the enemy would throw in the way. In everything God's purpose is fulfilled!

**B**rother Vin, Brother Timmy and Brother Bishop started their journey from Port of Spain already on Saturday, April 12th, spending one night in New York, before they were able to continue the next day their long 14 hour flight to Tokyo. Arriving in Tokyo, Brother Burkhard and myself met them at the airport, where we altogether board the plane for Manila...another 4 hour flight. Because of the time change of 15 hours, we basically skipped a whole night of sleep, and we are extremely tired when we touch down in Manila at 9 p.m. on April 15th. Its dry season here; summer time and extremely hot, and still 28 C at night.

# ARRIVAL

Tired soldiers, waiting for the pick-up at the airport in Manila

**J**ust on a personal note. It is amazing to see how God is leading His ministers into different parts of the world. From experience I can say, when we were young in the message, we took these things for granted, and didn't even know what a minister is going through to travel to the ends of the world to preach the truth. In those earlier years we only attended the meetings, went home and didn't even have a second thought about the preacher, his burdens, time change, long travels. But today I know a little bit of what it takes and of course, there is still a different dimension to it, because a minister carries the burden of the Word besides all the strain on his body. We really never will be able to grasp what a man of God is going through to hear from God and to communicate it to the Bride. Therefore, the prayers of the saints are so much appreciated.

After arrival we were expecting that we would have another 5 hour drive now to the Province of Pangasinan, but the hosting pastor, Brother Manuel Peralta, decided that we would stay in a hotel in Manila for the night and continue our journey the next day. What a great idea! We were all very glad and relaxed, as this photo clearly shows.

# APRIL 16

We had a good nights rest and a wonderful breakfast before we continue our journey to Pangasinan

Packing up and leaving for the city of Lingayen, Pangasinan, where the meetings will be held.

The roads are very congested...we could call Manila a big parking lot...and we arrive in the city of Bayambang at around 3 p.m., where Brother Andrew Junio and his family takes us to a restaurant for lunch.

And look who is joining us here: Brother Malcolm Wano, who arrived already on Sunday from New Zealand, and he is sharing these Easter meetings with Brother Vin.

After lunch we are invited to Brother Junio's house for fellowship and coffee, before we leave for a church service at 6:30 p.m.

Brother Junio's church is a lovely building, and it is their regular midweek service. We know its not the building, but the spiritual house, which God is building by His Word. And we find a group of wonderful people here. Even the little ones are engaged...as Sister Angel and Sister Bea are singing a special...You are my all in all.

APRIL 16 P.M.

**B**rother Malcolm is preaching tonight from Judges 3, in a time where every man was right in his own eyes, pointing out that this is exactly representing our time, in which we are living in. "The Lord has left some enemies for His children to teach them how to fight; how to deal with different spirits, for instance the fashion spirits, or the spirits from the other world! God knows how to train us; He knows how to place gifts in the body and to bring the gifts out.

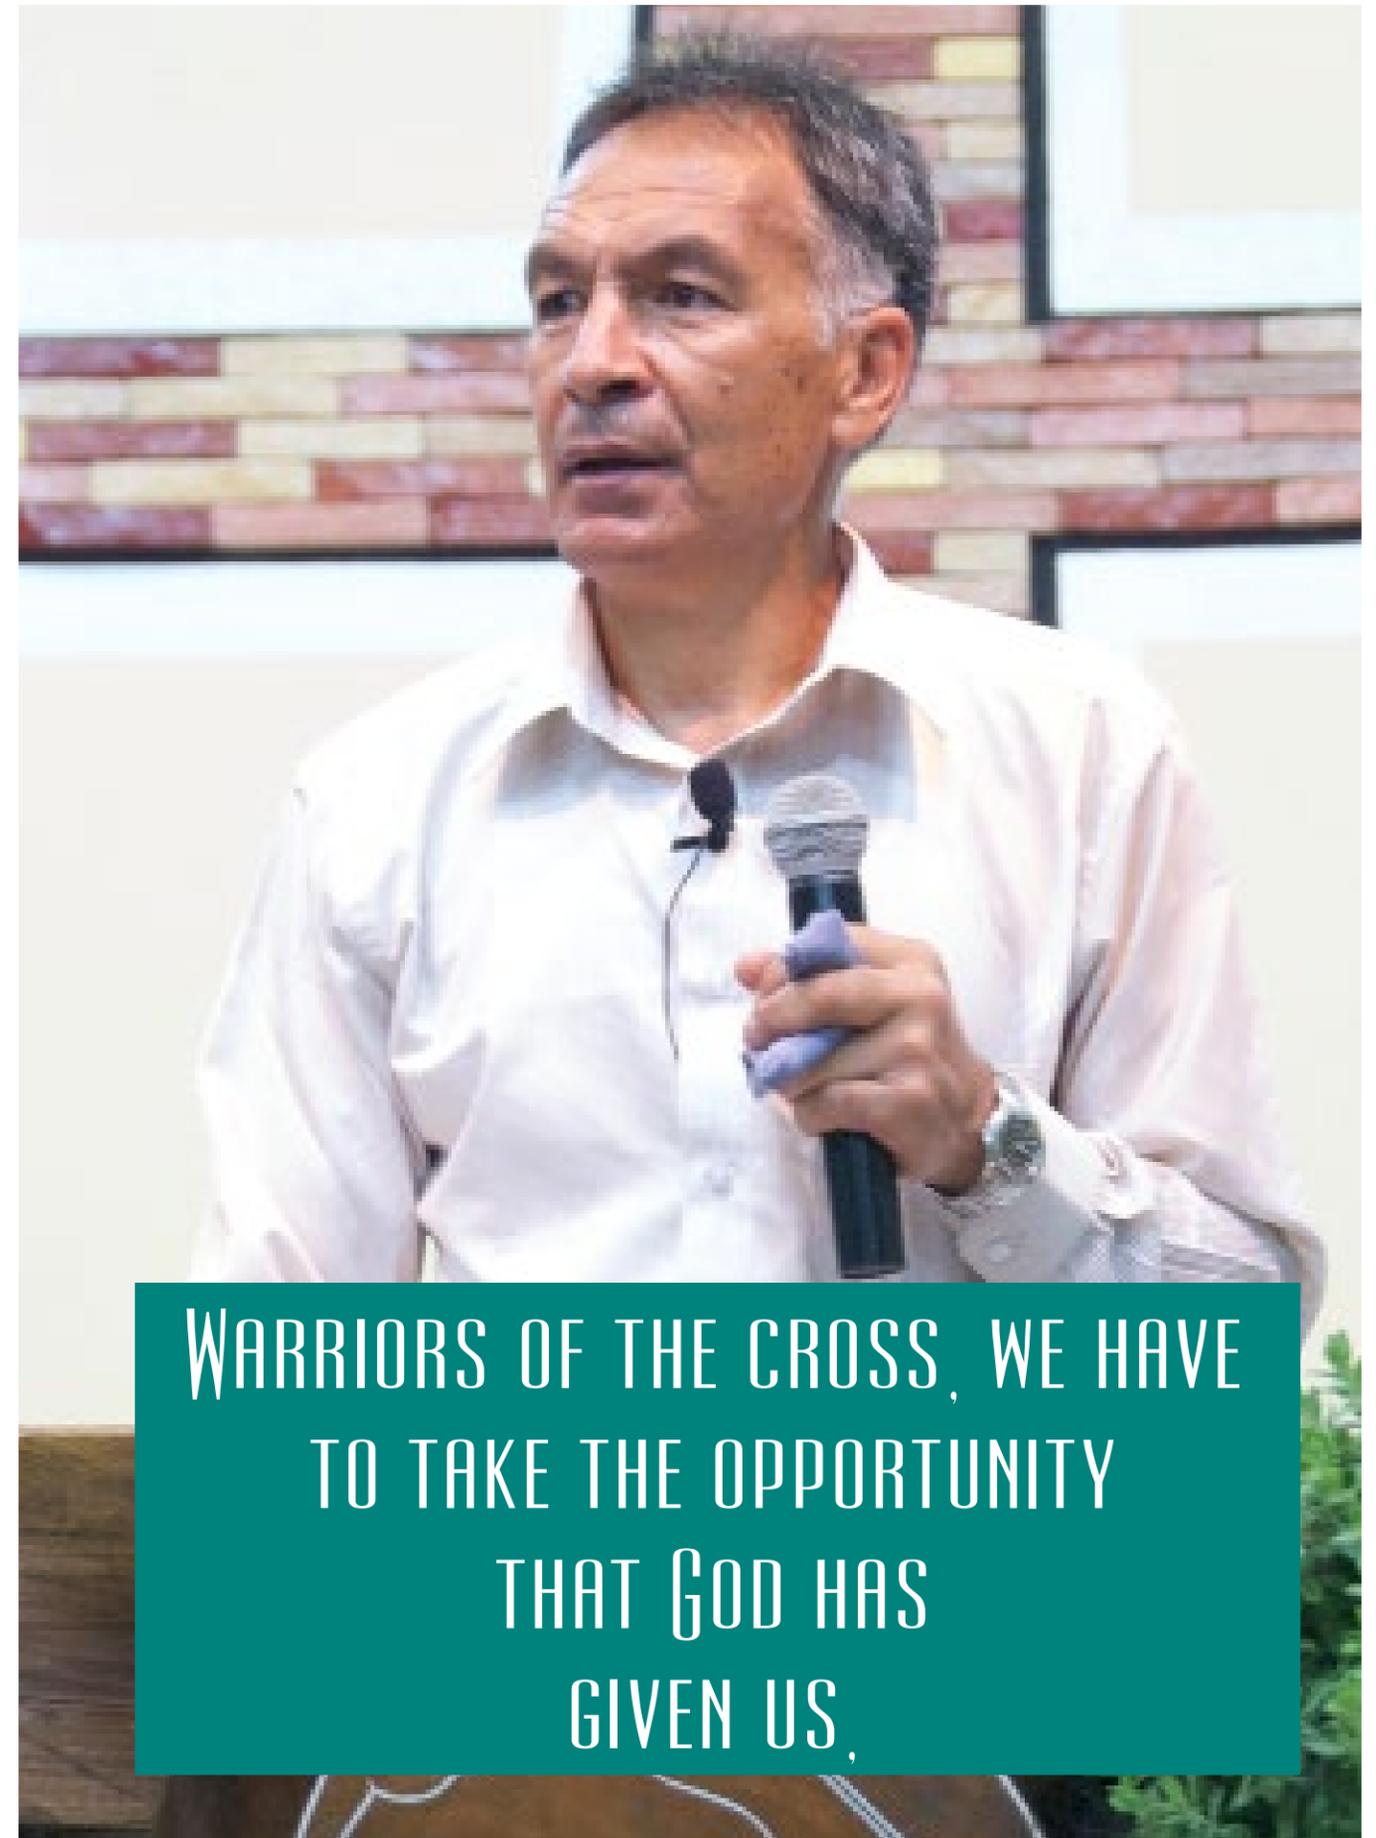

**W**e are in the promised land, but some haven't possess their land yet, and every one of us has more land to possess. If we even do something for the Lord, we better start to do it now. We need to have a look at the strengths and weaknesses of the generations. The older generation has most of the time no problems to live a sanctified life, has a solid prayer life, knows how to work hard, breaking the ground, life experiences, what the young generation doesn't know anything about.

We need to utilize every gift in the body. What the older generation might not know....the young generation knows other things, for

instance the way they deal with technology, but the young people don't have the patience to show it to the older ones. It shows that we have strength and weaknesses in the body. Many of the young people don't know how to live a sanctified life.

How do we use the strength we have in the body? The older generation finds it very hard to forgive and to forget. The younger generation can do it much easier.

But when we work together, we can defeat the enemy. The Word comes to show the influences that are coming up from the pit, Revelation 9, and the purpose of the smoke

WARRIORS OF THE CROSS, WE HAVE  
TO TAKE THE OPPORTUNITY  
THAT GOD HAS  
GIVEN US,

from the pit is to block out the Sonlight, which is deadly. When people expose themselves to the ether waves too much, it will subconsciously influence them, and then the Word doesn't even register. This is war, and the fourth beast is devouring the whole world, and we must see these things.

The older generation cannot function without the younger generation. We can see the older generation is fighting the battle, and also the younger ones overcoming.

The seventh seal is the person of Jesus Christ coming to us by the revelation of His Word. Then the seals are open to us, and the bible becomes a new book

We need all the gifts to work together in the body; we need examples of the older generation. We need the Joshua generation and the energy that they carry; we need the prayer warriors, and the ones who can sanctify themselves for others. When we realize who we are, then we are determined!

When the rich young ruler came to Jesus, He, the seventh Seal, revealed his works, but he walked away from the Word. He couldn't recognize the presence of the Lord. The Head came down in 1973 after He worked through 7 church ages to build the body, and He has made Himself available.

There is a hungering to go on to perfection, but certain influences from the pit want to keep us from it.

Warriors of the cross, we have to take the opportunity that God has given us, and we are living in the darkest hour, and we need the whole body, the whole church. We can't have anybody slacking. Somebody is ordained to meet that challenge, to put everything together on a strategic plan, how to take those giants, and the young generation is foreordained to rise up to meet this challenge. When the body of believers is working together with God in their midst, then we can face the challenge, and the gates of hell cannot prevail against it."

After the service we return to Brother Junio's house where dinner is waiting for us, and the brothers fellowship a little more, before we leave to our place of abode for the night.

We are driving now about 1 hour to Lingayen, and are trying to stay in a hotel close to the venue, where the meetings will be held, but is totally booked, and we have to move to the dorms of the University of Pangasinan. Here the hosting brothers have made reservations.

We are all very tired, and a hard or soft, big or small bed doesn't matter at this point. Jesus didn't have a pillow to lay His Head on.....

The night was short, and the breakfast and fellowship with the brethren in a nearby restaurant very nice.

We are driving back to the dorm for a little rest, and take a look at the hall, where the first meeting will be held tonight.

In a different location of the university, the believers are gathering for lunch, and we join them before we make our way to our next abode, a hotel about 30 minutes drive away from where the services are.

## APRIL 17

**T**he first service is starting tonight at 6 p.m. The believers are gathering here from different churches and locations, and we have great joy to see our precious Brother Fidel coming into the building. We had visited him after his stroke in December 2013 and people around the world are praying for him ever since, and here we see how the Lord is restoring Him.

The song service is lovely and everybody is in great expectations. The believers here really can sing, and it comes from their heart.

Brother Malcolm Wano is speaking tonight, and he is encouraging the people, if they have questions, to ask Brother Vin, and especially the ministering brothers to utilize this opportunity.

“When a minister has it on his heart to invite another minister, and he accepts the invitation, then God puts a certain Word on his heart, that would help the believers.

We are at the very end of the harvest, and the fruit should be seen. When a man comes with his own seed, it brings forth after his kind, and it produces strange species, and many ministers came through the Philippines over the years with their own seeds.

When we have a desire to lift HIM up, there are no church wars anymore. People are so focused on what other churches do, and they don't recognize what God is doing. Let's get our life back on the Word, let's see what God is doing in this hour. Because He is the one who is gathering us together. It's all about a body work and not about a church work. It is God's Bride, not a church Bride. We need to go beyond opinions and break in the realms of revelation. The message in book form is not the same as the message in revelation form, and a revelation is not different from the prophets revelation.

The title of tonight's service is: The Seven Seal Coming To Set The Captives Free  
 Scripture: 2. Kings 24.8-11

Jehoiachin was eighteen years old when he began to reign, and he reigned in Jerusalem three months. And his mother's name was Nehushta, the daughter of Elnathan of Jerusalem. 9. And he did that which was evil in the sight of the LORD, according to all that his father had done. 10. At that time the servants of Nebuchadnezzar king of Babylon came up against Jerusalem, and the city was besieged. 11. And Nebuchadnezzar king of Babylon came against the city, and his servants did besiege it.

This scripture is just a background of what is happening today. We can see what is happening in denominations, but often don't see what is happening in the realm of the message. When a city is besieged, we look at a system, which lock people into a city, a mystery Babylon system, a certain kind of doctrine, and it seems that there is no way out. But God can make a way out.

Like Rahab, she was locked in, but two spies revealed how to apply that Token, and she

asked not just for her own salvation, but also for her family. She was locked up in a system, but now God delivered her. Coming out of own doctrines and own ideas and going into Christ. It took a union; she needed to be married to Salmon, a union, which brought forth the mystery of redemption: Boaz. Its a process by the scripture.

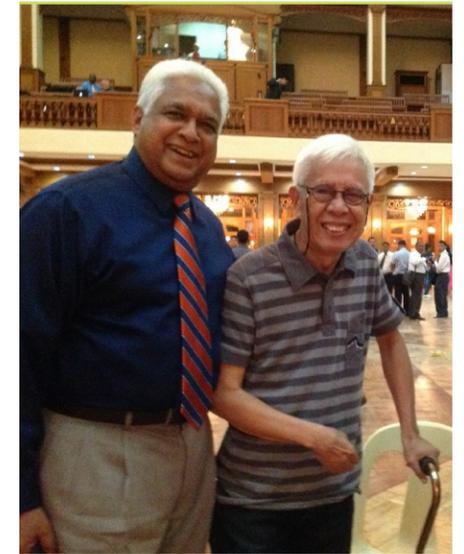

The vessels in the temple were vessels of worship, and those vessels were carried away to Babylon. The vessels were chosen for a certain purpose, but if God designs a vessel, He will surely allow those vessels to come back into the temple to fulfill His will.

The Seventh Seal has come to set the captives free, free from man's seed, and own ideas, to put the love of God in our hearts to bring deliverance for those, that are captive. It takes the power of prayer to achieve things with God. Prayer is a mighty weapon. When we pray for unity and harmony, which is God's mind, then God's own desire is fulfilled.

Look at Hannah, she saw that the prophet was going blind, she was barren, she wanted to bring forth fruit; Ichabod had come in, the glory of the Lord had departed. She had a

“...When the squeeze is coming down, the bride will not bow down...”

temple. And what happened? It was God's desire, too and He sent the deliverer, Samuel, the last judge before the coming of the King. William Branham was the last judge, before the coming of our great King.

As the squeeze came down in Daniel 3, false worship, the prophet tied it together with revelation 13, where nations fall because they don't bow down to the beast. These Scriptures have already been fulfilled. When the squeeze is coming down, the bride will not bow down to the image, to that 'holy' man. At the sounding of the music, the people bowed down. What we see today is conformity; people become domesticated in satan's eden, they don't have

their own channel of inspiration anymore.

These meetings are to shake everything off which hinders us from applying the Token.

Abraham went after his fallen brother, who was locked up in the system. That brought him from the dust to the stars in Genesis 14.

When all the vessels are in place, then the glory of the Lord comes down. The shortest prayer is: JUST ONCE MORE LORD!

Don't ever trust in any man-made system; only in God. We should already get used to the faith civilization. He has revealed all things

to us, we must be an example that the Word is true. When we have pain, we don't numb it with medication, or we think we need a massage....it makes us numb to the pain in the body. Just once more Lord! He wants to unite us together in harmony."

At the end of the service we are taking photos with Brother Fidel, before we return to our hotel. The Lord is so faithful.

Coming into the hotel, when I turned on the light in our room, there was this big fat mouse running; needless to say that I was scared and didn't want to stay in that room anymore. We asked immediately for another room, while I

was gathering our belongings. They had one more room left, it smelled like somebody had smoked in there. Nevertheless, knowing a mouse was in the room.... I wouldn't have slept all night, so we moved in the the smoky room, while somebody came with a big broom, trying to catch that mouse. What a drama... my tiredness was gone...with other words, another short night!

# THE BRIDE
